Pre-conference: Demonstrating the Value of Sharable and Comparable Nurse-generated Data

The overall purpose of the pre-conference is to demonstrate the value of sharable and comparable nursing-generated data to support practice and translational research for transforming health care and improving patient quality and safety. National leaders will demonstrate real world examples to achieve value and discussion about implementing similar strategies in other settings.

Location: University of Minnesota, School of Nursing, Bentson Healthy Communities Innovation Center, Weaver Densford Hall, 380 S. Harvard St. Minneapolis, MN Room 4-140
