

ANIA
Where caring and technology meet

**2019 Annual Conference
April 11-13, 2019
Rio All Suite Hotel
Las Vegas, NV**

ANIA is pleased to announce the **Call for Speaker Abstracts** for our Annual Conference for 2019. Participants who attend this conference will gain enhanced knowledge of current trends and best practices in informatics by examining the latest strategies and the management of data using technology in nursing and health care.

Submission guidelines

Please visit the ANIA Abstract Management System to register and submit your abstract for review at the following web address:

<https://www.conftool.com/ania2019/>

Abstract is limited to 500 words, excluding the title. Abstract should contain a description of the project or subject matter, methodology if applicable, analysis, and results as indicated. All references to names and organizations within the body text should be removed that could identify the authors/investigators.

Speaker abstracts that are product-based will not be considered.

Submission deadline

Abstracts must be received at the National Office no later than June 15th annually. This deadline has been extended to June 30, 2018, for 2019 Annual Conference speaker abstract submissions.

Submission questions

Any abstract submission questions should be directed to the following:

Kristina Moran
Education Coordinator
Email: ania_abstracts@ajj.com
Tel: 856-256-2358

Types of presentation

- **Concurrent session:** formal presentation in a lecture-style format lasting 60 minutes. Some freedom exists in terms of formality, but a course size of 75+ participants should be expected.
- **Pre-conference workshop (full day):** Workshop presentation of 6.5 hours that comprehensively focuses on a core skill important to informatics nursing.

ANIA
Where caring and technology meet

- **Pre-conference workshop (half day):** Workshop presentation of approximately 4 hours that comprehensively focuses on a core skill important to informatics nursing.

Conference tracks

Role and career development

- Identify innovative opportunities in education and career development for nursing informatics.
- Identify new and effective methods for mentoring the next generation of informatics nurses.
- Discuss the evolution of informatics roles for nurses.

Impact on practice:

- Discuss strategies and workflow design for optimizing health care technology throughout the continuum of care.
- Explore how mobile health, telehealth, and new technologies can enable health care transformation.
- Identify best practices for training and educating health care providers and leadership on informatics competencies.

Quality improvement and patient outcomes

- Evaluate the impact clinical information systems have on patient care outcomes.
- Identify how clinical decision support systems can drive evidence-based practice.
- Discuss new and emerging trends in patient engagement in a technology-laden environment.

Innovation in practice

- Identify emerging knowledge and research opportunities in the field of nursing informatics.
- Discuss new and emerging trends in consumer informatics.
- Discuss how analytics drives data to wisdom in health care.

Leadership strategies

- Identify traditional and non-traditional leadership methods applicable for informatics.
- Discuss methods that nurses can use to drive change management in health care organizations.
- Identify ways in which organizations can empower clinical transformation.

Participants

The American Nursing Informatics Association (ANIA) is the association of professional nurses and associates who:

- Are committed to their specialty that integrates nursing science, computer science, and information science to manage and communicate data, information, knowledge, and wisdom in nursing and informatics practice.

ANIA
Where caring and technology meet

- Identify informatics practice as a specialty that is essential to the delivery of high-quality and cost-effective health care.
- Are committed to their professional development and seek to actively engage in a community of like-minded professionals.
- Use informatics to improve the health of populations, communities, families, and individuals by optimizing information management and communication (ANA, 2008*).

*American Nurses Association (2008). Nursing informatics: Scope and standards of practice, Silver Spring, MD: Nursesbooks.org)

Authorship of abstracts

The primary author/investigator submits the abstracts with the full consent of all authors/investigators and has obtained the necessary institution clearance. A nurse should be one of the authors/investigators. ANIA members and non-members are invited to submit abstracts. Encore presentations may be submitted for consideration. The primary author will be the contact person for future correspondence.

Biographical data and conflict of interest disclosure forms

Biographical data and conflict of interest disclosure information is requested for any abstract submission. The primary author, primary presenter (if other than primary author), and any additional authors who are anticipated to be in attendance as presenters are requested to complete a copy of these forms and provide them with their abstract submission. **All biographical data and conflict of interest disclosure forms should be included with the abstract submission.**

ANCC Standards

Abstract authors must comply with the standards from *ANCC Standards for Disclosure and Commercial Support*. You may go to www.ana.org to download the entire document. Below is a brief summary on the standards which apply to the abstracts:

- The abstract must be free of commercial interest.
- Commercial interest organizations are not eligible to submit abstracts.
- An individual must disclose any financial relationship with an entity with a commercial interest.
- The content or format of the CNE activity or its related materials must promote improvements or quality in health care and not a specific proprietary business interest of an entity with a commercial interest.
- Presentations must give a balanced view of therapeutic options. Use of generic names will contribute to this impartiality. If the CNE educational material or content includes trade names, when available trade names from several companies should be used, not just trade names from a single company.

Abstract submission, review, and acceptance

ANIA
Where caring and technology meet

Abstracts must be submitted via the abstract management system by the requested deadline. A blind review of the abstracts is directed by the ANIA Conference Planning Committee. The abstract will be evaluated for the completion of requested information and adherence to all instructions. *If an abstract does not adhere to the stated criteria, it will not be reviewed.* Notice of the outcome of review will be sent in the fall of 2018.

Presentation of abstract at conference

Selected concurrent speaker abstract presentations will receive one complimentary main registration to the 2019 conference for the main presenter. Abstracts selected for pre-conference workshop presentation receive an honorarium that is negotiated with the Conference Planning Committee.
