

Annual Conference

May 10-12, 2023

Louisville Marriott Downtown

Louisville, KY

***Turning the Corner
with Nursing
Informatics***

Join us for the 2023 ANIA Annual Conference!

Turning the Corner with Nursing Informatics

Informatics nurses live at the intersection of technology and clinical practice in their professional practice. Join us – in person or virtually – to discuss how we turn the corner for the future!

Register by April 6, 2023, and save \$100!
ania.org/conference

- **Learn** the latest information, best practices, and advances in nursing informatics by attending sessions and hearing from expert speakers.
- **Explore** the newest trends and innovations from industry vendors.
- **Earn** up to 10.5 contact hours of nursing continuing professional development, with additional workshops offering an in-depth look at special topics of relevance.
- **Network** with colleagues with similar and varied informatics nursing interests.
- **Experience** Churchill Downs and the Kentucky Derby Museum with colleagues and friends during a special welcome reception!

Watch Livestreamed Session Broadcasts from Home or Work

Can't make it to Louisville, KY? The next best thing is tuning in to our live video broadcasts of selected sessions. Listen and participate from your home or workplace. You'll also receive access to archived content in the ANIA Online Library after the conference and contact hours for sessions attended. Site license options are available for facilities.

Visit ania.org/conference for additional details.

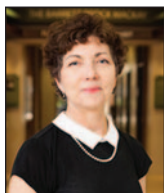

Keynote Speakers

Thursday, May 11, 2023

Dr. Virginia Saba Memorial Keynote Address

Implementation Science and Practice: Implications for Nursing Informatics

Linda Roussel, PhD, RN, CNL, NEA-BC, FAAN, is a professor of nursing, DNP program director, and faculty mentor for doctoral students at the University of Alabama at Birmingham. Dr. Roussel's research publications include clinical nurse leadership, academic-clinical partnership, and front-line

engagement. She also recently received funding from the Health Resources and Services Administration to establish "Our Neighborhood Healthcare Clinic," a nurse-managed clinic providing care to vulnerable populations. A nurse with 30 years of experience ranging from clinical to executive roles, Dr. Roussel has served in leadership roles in acute, post-acute, long-term care, and transitional care management. Currently, she is president of the Alabama Organization of Nurse Executives and a member of the advisory council of the Alabama Department of Public Health, Office of Women's Health.

Friday, May 12, 2023

General Keynote Address

Digital Disease: Where Bits and Bytes Meet Flesh and Blood

Jeff Tully, MD, is an anesthesiologist, pediatrician, and security researcher with an interest in understanding the ever-growing intersections between healthcare and technology. Prior to attending medical school, Dr. Tully worked on "hacking" the genetic code of salmonella bacteria to create anti-

cancer tools and throughout medical training has remained involved in the conversations and projects that will secure health care and protect patients in a new era of remote care, implantable medical devices, and biohacking.

Friday, May 12, 2023

General Keynote Address

Digital Disease: Where Bits and Bytes Meet Flesh and Blood

Christian Dameff, MD, is an emergency physician, clinical informaticist, and researcher. His published clinical works include post-cardiac arrest care including therapeutic hypothermia, novel drug targets for acute myocardial infarction patients, ventricular fibrillation waveform

analysis, cardiopulmonary resuscitation (CPR) quality and optimization, dispatch-assisted CPR, teletoxicology, clinical applications of wearables, and electronic health records. Dr. Dameff is also a hacker and security researcher interested in the intersection of health care, patient safety, and cybersecurity. He has spoken at some of the world's most prominent hacker forums and is a cofounder of the CyberMed Summit, a multidisciplinary conference on medical device and infrastructure cybersecurity. Dr. Dameff has published on cybersecurity topics, including hacking 911 systems, HL7 messaging vulnerabilities, and malware.

Friday, May 12, 2023

Endnote Address

Nursing Informatics Turning a Corner: Methodologies and Metrics in a Changing Environment

Rebecca Love, MSN, BS, RN, FIEL, is an experienced nurse executive and nurse entrepreneur. She was the first nurse featured on Ted.com and was part of the inaugural nursing panel featured at SXSW 2018. Love was the first director of nurse innovation and entrepreneurship at Northeastern

School of Nursing, where she founded the Nurse Hackathon. In 2019, Love founded and was president of SON-SIEL: The Society of Nurse Scientists, Innovators, Entrepreneurs, and Leaders, a non-profit recognized by the United Nations as an affiliate member. Love founded Hire-Nurses.com, where she served as the managing director of U.S. markets until its acquisition in 2019. Currently, Love serves as the chief clinical officer of IntelyCare, Inc. She is passionate about empowering nurses and creating communities to help nurses innovate, create, and collaborate to start businesses and inventions to transform healthcare.

Conference Schedule

Wednesday, May 10, 2023

All event times are Eastern Time (ET).

7:00 am – 5:00 pm Registration Open

7:00 am – 8:00 am Continental Breakfast for Preconference Workshop Registrants

7:30 am – 5:30 pm Preconference Workshop (8.0 CH)

010 Nursing Informatics Certification Review Course

RCD ANIA Board Members and Leaders

This course is designed as a review to prepare for the 2023 version of the Informatics Nursing Certification Exam offered by the American Nurses Credentialing Center.

8:00 am – 12:00 pm Preconference Workshops (3.75 CH)

020 Join the Winner's Circle with Process Behavior Charts

IMPR Elizabeth Weeks, BSN, RN-BC, CMSRN; Lauren Adams-Gray, BSN, RN

Are you frustrated with chasing your data as it moves up or down and leaders push you to understand why, but you just can't figure it out? Processes behave as they are designed, and variation in data may be a result of chaos in your process. We will apply the nursing informatics model to transform data into information to help us gain knowledge in our pursuit of wisdom.

030 Once Upon a (Virtual) Time ... Telling a Persuasive Story with Data Visualization

RCD Debra Graham, DNP, MBA, RN-BC, CPHIMS; Brenda Herrmann, DNP, RN-BC, PMP, FHIMSS; Cheryl Parker, PhD, RN-BC, CNE

Clinical documentation and reports tend to focus on the narrative in most practice and academic settings. Are nursing informatics specialists competent in interpreting or creating data in visual displays? This session will help nurse leaders improve their informatics competencies in data visualization and Microsoft® Excel® to empower clinical transformation. Scenarios will be used to provide examples for nurse educators and novice nurse informaticists for career development.

12:00 pm – 1:00 pm Lunch on Your Own

1:00 pm – 5:00 pm Preconference Workshops (3.75 CH)

040 Improving the Stakes on Your Writing by Improving Your Skills

RCD Elizabeth Elkind, PhD, MSN, MBA, RN-BC; Denise Tyler, DNP, MSN, MBA, RN-BC

Writing is not easy for many nurses, but we need to share knowledge to advance informatics nursing. Publishing is not limited to researchers or nurses with advanced degrees. This workshop will help you advance another aspect of your professional development – publishing. Engage with seasoned authors who also are current and former members of the editorial team for ANIA's *Journal of Informatics Nursing*. We will discuss why publishing is important professionally and why effective writing is a valuable skill. We will share techniques and strategies along with the manuscript development process. Novice and experienced writers as well as students and faculty will gain insights. If you are currently working on advancing your degree or considering enrollment, this session is a win-win for both academic and professional development.

Tracks and Session Key

IMPR = Impact on Practice
IP = Innovation in Practice

LS = Leadership Strategies
QI/PO = Quality Improvement & Patient Outcomes

RCD = Role and Career Development
 = Livestreamed session

Conference Schedule

050 SQL for the Absolute Beginner (Limited to 20 participants.)

RCD Susan Fenton, PhD, RHIA, ACHIP, FAMIA

Do you want to get started in data analytics but are unsure where to begin? Is the statement `SELECT * FROM Patients;` unfamiliar? If you answered "yes" to these questions, then this workshop is for you! Structured query language (SQL) is the language used to extract data from the databases in most health information systems today, including electronic health record systems. Designed for the individual who has no experience with databases or SQL, this hands-on workshop will help you to use `DESCRIBE`, `SELECT`, and `WHERE` to perform simple queries; describe the difference between * and wildcard characters and correctly use them; use pattern matching with `LIKE`, `NOT LIKE`, and `=`; use Boolean operators `AND`, `OR`, and `NOT`; perform basic mathematical functions with SQL, such as averages and counts; and use `JOIN` to combine data from two tables. Users will be instructed by the presenter to install DB Browser for SQLite and be provided with a simple database with synthetic records. The presenter will explain concepts using didactic lectures and reinforce those concepts with hands-on activities.

Workshop Requirements: You must bring a Windows or Mac laptop. The software will not run on an iPad or Chromebook. You must be able to install software on your laptop from an internet site. If you are using a work-issued laptop, you must confirm with your IT department that you have permission to install DB Browser for SQLite and are able to copy a provided spreadsheet to your computer via download.

5:30 pm – 6:30 pm **Onsite Poster Viewing**

Thursday, May 11, 2023

All event times are Eastern Time (ET).

7:00 am – 6:00 pm **Registration Open**

7:00 am – 8:00 am **Continental Breakfast**

8:00 am – 9:15 am **Opening Ceremonies / Welcome / Dr. Virginia Saba Memorial Keynote Address (1.0 CH)**

101 Implementation Science and Practice: Implications for Nursing Informatics

Linda Roussel, PhD, RN, CNL, NEA-BC, FAAN

This session will address how integrating basic concepts of translational science with key nursing informatics initiatives will enhance sustainability of innovative programs.

9:15 am – 10:45 am **Exhibits Open / Coffee Break**

10:00 am – 10:30 am **Virtual Poster Viewing** (Available at the 2023 Conference Hub via the ANIA Online Library.)

10:45 am – 12:00 pm **General Session (1.25 CH)**

102 Essential Competencies for Faculty Teaching in Graduate Informatics Nursing Programs

Elizabeth Elkind, PhD, MSN, MBA, RN-BC; Denise Tyler, DNP, MSN, MBA, RN-BC; Marty Mayhew, DNP, MSN, MS Ed, RN, CNE; Kathleen Morouse, DNP, RN-BC, CCRN-K; Karen "Missy" Belotti, MSN, RN-BC

How qualified are your graduate informatics faculty? This panel presentation will address how the *Nursing Informatics: Scope and Standards of Practice* (American Nurses Association, 2022) and *The Future of Nursing 2020-2030* report guided ANIA's core competencies for the *Informatics Guide and Toolkit for Graduate Faculty*.

12:00 pm – 1:30 pm **Industry-Sponsored Product Theater Luncheon (No contact hours awarded)**

110 Taking Your Seat at the Table: The Role of the Nurse Leader in Driving Innovation

Moderator: Karie Ryan, MS, BSN, RN

Presenters: Kelly Resco-Summers, DNP, RN; Laura Messineo, MHA, RN; Erina Ghosh, PhD

This session will discuss the role of the nurse leader in technology evaluation, methods of enabling technology to support clinical objectives, AI as an example of technology from a scientific perspective, and ways to deliver the business case for large technology investments.

Sponsored by Philips

Conference Schedule

1:30 pm – 2:30 pm Concurrent Sessions (1.0 CH)

121 One Size Does Not Fit All: Considerations for Creating a Nursing Informatics Team

LS/RCD Kathleen Ulanday, MHA, MBA, BSN, RN-BC, CPHIM; Joseph Cook, DNP, RN-BC, FACHE; Constance McLaughlin, MBA, BSN, RN-BC; Liz Oliver Johnson, MS, FAAN, LCHIME, FCHIME, CDH-E, FHIMSS, CHCIO

Nursing informatics teams vary between organizations in reporting structure, number of employees, clinicians they serve, and role responsibilities. What features should you consider for your nursing informatics team, how can you enhance it, and how does it align and interact with groups outside of informatics? This presentation will review considerations for healthcare organizations to create, sustain, or enhance a nursing informatics team; help nursing informatics leaders identify a charter and vision to address current needs and align with nursing operations; and encourage organizations to discuss best practices for their nursing informatics team.

122 New Season, New Roles ... Artificial Intelligence Impact on 2023 and Beyond

IMPR Tammy Kemp, DNP, RN, NEA-BC; Kathleen McGrow, DNP, MS, RN

The presentation will examine the role of the artificial intelligence officer along with educational development, implementation, and indicators to achieve maximum benefits from innovations implemented and adopted.

2:30 pm – 4:00 pm Exhibits Open / Dessert Break

3:30 pm – 4:00 pm Virtual Poster Viewing (Available at the 2023 Conference Hub via the ANIA Online Library.)

4:00 pm – 5:00 pm Concurrent Sessions (1.0 CH)

131 Opening the Gate of School Nursing with Informatics

IMPR Kara Schleifer, MSN, BSN, RN; Kelsey Bambara, MSN, MHL, BSN, RN-BC

This session will address how the alignment of two nursing professions – informatics and school nursing – is essential in the advancement of public health care. A focus will be meeting the Institute for Healthcare Improvement Triple Aim and *The Future of Nursing* report.

132 In-Brief Session

SICEP: A Student-Centered Informatics Competency Education Program

IMPR Brenda Kulhanek, PhD, DNP, RN-BC, NPD-BC, FAAN

The presentation will focus on a student-centered informatics competency education program (SICEP) based on an informatics competency self-assessment, allowing nurses to focus learning on self-identified informatics competency gaps. Discussion will address how the tool can be used by any organization to collect information about the baseline self-perceived informatics competencies among nursing staff and the number of micro-education modules viewed.

Telehealth in Education and Practice: A Collaborative Endeavor with Instructional Design

IMPR Joan Perl, MS, RN-BC

Students desire active engagement with knowledge learned and creative ways to demonstrate their learning. As nurse educators, we need to equip students with tools, knowledge, and skills to thrive in rapidly changing work environments. We are at a strategic point where we can positively impact their learning and future success. This session will address digital health strategies to engage and prepare nursing students to thrive in a world defined by technology.

5:30 pm – 8:00 pm Kentucky Derby Experience

(All attendees are invited. Guest tickets are available for purchase; please see page 11 for additional information.)

Mark yourself as a front runner by attending this year's ANIA official welcome reception at the Kentucky Derby Museum located at the historic Churchill Downs! Tour the world-famous Churchill Downs racetrack, home of the fabled history, pageantry, and legacy of the Kentucky Derby, and explore the Kentucky Derby Museum, which includes two floors of interactive exhibits. Cap your visit with refreshments and a chance to watch the museum's immersive 360-degree film, "The Greatest Race."

Conference Schedule

Friday, May 12, 2023

All event times are Eastern Time (ET).

7:00 am – 5:15 pm Registration Open

7:15 am – 8:00 am Coffee Break

8:00 am – 9:00 am General Keynote Address (1.0 CH)

201 Digital Disease: Where Bits and Bytes Meet Flesh and Blood 🎧

Christian Dameff, MD; Jeff Tully, MD

Explore the growing and critically important domain of healthcare cybersecurity and learn how you can protect patients by working to ensure safe and secure medical technologies.

9:00 am – 10:30 am Exhibits Open / Continental Breakfast

9:15 am – 9:45 am Virtual Poster Viewing *(Available at the 2023 Conference Hub via the ANIA Online Library.)*

9:30 am – 10:30 am Onsite Poster Viewing

10:45 am – 11:45 am Concurrent Sessions (1.0 CH)

211 Innovations to a Nursing Informatics Support Model

LS *Gwen Holder, MSN, RN-BC; Kathy Moss, MSN, MBA, RN, NEA-BC*

Nursing informaticists must be the architects of new support models that respond to the ever-changing needs of our healthcare environment. This presentation will provide insight into the transformative process a nursing informatics services department in a large academic medical center used to create a successful model to better serve customers without increasing resources.

212 Nursing Informatics and the Optimal Allocation of Nursing Resources 🎧

IP *Robert Wingo, BSN, RN-BC*

There are significant opportunities for nursing informatics professionals in the budgeting, staffing, and scheduling space. Learn how staffing and scheduling data and analytics drive growing knowledge and wisdom regarding nurse-to-patient staffing methodologies and how this wisdom can support improved leadership and informatics strategies for the future.

12:00 pm – 1:30 pm

220 Membership / Business Luncheon 🎧 *(Pre-registration / ticket required. Virtual attendees log on at 12:30 pm to participate.)*

1:30 pm – 2:30 pm Concurrent Sessions (1.0 CH)

221 In-Brief Session 🎧

Social Determinants of Health: The Informaticist's Role in Promoting Health Equity

IMPR *Sheralyn Long, MHI, BSN, RN-BC; Charla Johnson, DNP, RN-BC, ONC*

With the 2023 voluntary attestation for the Centers of Medicare and Medicaid Services (CMS) to capture social determinants of health (SDOH) in the patient electronic health record, nurse informaticists can partner with nursing to advocate for health outcomes and health equity and influence the integration of SDOH into data collection and clinical workflows. This session will help you gain knowledge to recognize and understand the constructs of SDOH to aid in the integration of screening tools into clinical workflows.

An App-Aided Approach to Collecting and Examining Patient-Generated Social Determinants of Health Data

IP *Robin Austin, PhD, DNP, RN-BC*

This presentation will focus on research related to patient-generated social determinants of health data gathered from mobile health application(s).

Conference Schedule

222 The Secret Sauce of High-Performing Organizations

LS Mark Bassett, MAS, BSN, RN

This presentation will address a common characteristic found in highly successful organizations and industries, what makes it work, how it manifests in examples of high performance, and how nursing informatics can contribute to developing that characteristic in the healthcare setting.

2:45 pm – 3:45 pm Concurrent Sessions (1.0 CH)

231 Informatics Structure Supporting Informatics Team Growth, Operational Efficiency, and Provider and End User Education

RCD Erin Bullis, BSN, RN; Rachel Dawson, MBA, BSN

Learn how an ambulatory care informatics structure evolved to support informatics team growth, best practice, operational standards, and efficiency across multiple locations. Focusing on individualized learning pathways for providers, presenters will share how they implemented a team approach to meet growing health system demands without increasing costs. Lessons learned along the way and next steps also will be discussed.

232 Nursing Leader Dashboards: Streamlining Their Day

QI/PO Kelly O'Neill, MSN, RN; Stacey Cohen, PT; Damon Czarnecki, BS ; Maureen Harding, MSN, CPHIMS

This presentation will provide an overview of real-time nurse manager dashboards and how to incorporate standard work using lean methodology and process improvement. Using standard work, we can guide nurse managers to focus their time on the unit on a day-to-day basis using the metrics provided. These tools will improve patient safety, care, and outcomes and easily provide nurse managers with the data they need so they don't have to dive deep into the electronic medical record to find that information.

4:00 pm – 5:15 pm Endnote Address (1.25 CH)

240 Nursing Informatics Turning a Corner: Methodologies and Metrics in a Changing Environment

Rebecca Love, MSN, BS, RN, FIEL

What is the role for nursing informatics as the healthcare environment turns a corner of change? Join Rebecca Love for a discussion on where we are going and where we have been, with a focus on the historical evolution of nurse leadership roles in health care and how we can think ahead with new methodologies and metrics for measurement of informatics outcomes and design thinking and innovative approaches for problem/solution identification.

5:15 pm – 5:30 pm Closing Remarks

5:30 pm Conference Adjourns

Tracks and Session Key

IMPR = Impact on Practice
IP = Innovation in Practice

LS = Leadership Strategies
QI/PO = Quality Improvement & Patient Outcomes

RCD = Role and Career Development
 = Livestreamed session

On-Demand Sessions

On-demand conference sessions offer additional contact hours and will be available at the Conference Hub via the ANIA Online Library. These sessions are included with full main conference registration and feature pre-recorded conference content to enhance conference offerings.

OD1 Taking the Lead: Stepping into a New Leadership Role

RCD *Lasi McArthur, DNP, RN-BC*

Stepping into a leadership role is invigorating, exciting, and a bit scary. Doing it during a pandemic, with a hybrid work environment and with blended teams, brings additional challenges. This session will review one leader's experience of transitioning from analyst to director of two informatics analyst teams at a large healthcare system during the rollout of an enterprise-wide electronic health records system. Lessons learned about communication, planning, and struggles with work/life balance as a new leader will be shared.

OD2 Downtime Testing and Preparation Automation

IP *Debra Vollmer, MSN, RN-BC, CPHIMS*

This presentation will address the implementation of an electronic testing process for downtime.

OD3 The Strategy of Reducing Burden: Achieving Value Through Action

IMPR & QI/PO *Constance McLaughlin, MBA, BSN, RN-BC; Sue Lundquist, MSN, RN-BC*

This presentation will focus on identifying the symptoms of ineffective foundational processes and downstream effects on clinical staff. Presenters will share how health information technology can facilitate a reduction in burden by addressing principles of governance, leveraging data and analytics, and partnering with clinicians toward ongoing education efforts as a standard operating procedure. Presenters will share best practices and recommendations from the field that can be operationalized to drive value.

OD4 Rounding the Corner: Usability Testing Methods Here We Come!

IMPR *Katherine Taylor-Pearson, DNP, RN-BC, CLSSBB, CPBI, CKM; Miko Watkins, MSN, CPHIMS, NI-BC*

Explore how usability evaluations are a critical asset to any informaticist and how to complete these assessments. Presenters will highlight common methods and examples, and compare the use of questionnaires, interviews, heuristic testing, and focus groups. Current validated methods and tools and strategies to aid in successful implementation and sustainment will be addressed. Lessons learned from the military health system Genesis implementation and rollout as well as two patient portals and secure messaging applications will be shared. Participants also will be invited to review a sample toolkit.

OD05 Utilizing Pilot Testing Data to Rapidly Install a Mobile Documentation Tool

LS *Dawn Greenhagen, MSN, RN-BC, CEN, TCRN*

A documentation application on a mobile device gives clinical staff the ability to document in real-time, primarily at the patient's bedside. This presenter will explore how difficulties in a large academic medical center providing real-time documentation were addressed with the rapid implementation of this mobile technology.

OD06 Emerging Evidence of Fall Reductions Post-Implementation of a Remote Video Monitoring System

QI/PO *Lily Matthew, PhD, RN, NPD-BC; Bissoondaye Ragoonanan, DNP, MBA, MS, RN, RGN;*

Olena Nosaryeva, MSN, RN

This presentation will review the impact of a remote video monitoring system and patient outcomes in monitored vs. non-monitored beds and fall incidences.

On-Demand Sessions

OD07 Is There a Deficit in Electronic Medical Record Training during Primary Nursing Education?

IMPR Kimberly Velez, MSN, RN; Jaimy John, MSN, RN

This presentation addresses student perceptions of their preparation for electronic medical record documentation and identifies possible solutions.

OD08 AI/AR/VR Alphabet Soup: What Do They Really Mean for Health Care?

IP Romina Elias, DNP, MSN, RN-BC, NEA-BC; Susmit Pal, MBA, CCSP

Augmented reality (AR) and virtual reality (VR) have expanded into healthcare education and training spaces. How else can this technology be used to impact care, and how can it be used to better serve both patients and care providers? This session will explore emerging technologies in health care and their different use cases.

OD09 Reducing Paper Documents Scanned in the Hospital: A Story of Collaboration

QI/PO Judy Martin, RN; Judy Cummings, MBA, CSSBB; Kara Yu, RHIT

Thousands of documents are scanned daily into electronic health records. To reduce the amount of waste in the clinical records process, one institution developed a partnership among the document imaging, clinical informatics, nursing, information technology, and process improvement teams to address the problem. This session will discuss implementation and results to date.

OD10 Improving Informatics Research by Minimizing Bots and Fraudsters

IP Carolyn Harmon, PhD, DNP, RN-BC

This presentation will discuss lessons learned from a bot attack on informatics work.

2023 ANIA Conference Planning Committee	2023 ANIA Abstract Review Committee
Kathleen Morouse, DNP, RN-BC, CCRN-K, <i>Chairperson</i> Christy St. John, MSN, RN-BC, CPHQ Andrew Awoniyi, ND, RN-BC Susan Smith, MSN, RN, CPHIMS Lindsay Tahiry, MS, RN-BC Joseph Cook, DNP, RN-BC, FACHE Cindi Calabrese, MSN, RN, NPD-BC, RN-BC, <i>Director of Education Services</i> Michele Boyd, MSN, RN, NPD-BC, <i>Director of Education Services & Accredited Provider Program Director</i>	Hyacinth Carreon, DNP, RN-BC, CMSRN, CHTS-CP, CPHIMS Deborah Chasco, DNP, RN, CNS, APRN-K Anna Fernando, MSN, RN-BC Tracia Forman, PhD, RN-BC, CNE Sheralyn Long, MHI, BSN, RN-BC CJ Wachs, MSN, RN-BC

Accreditation Statement

This educational activity is jointly provided by Anthony J. Jannetti, Inc. (AJJ) and ANIA.

Anthony J. Jannetti, Inc. is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

Anthony J. Jannetti, Inc. is a provider approved by the California Board of Registered Nursing, Provider Number CEP5387.

General Information

Hotel Reservations

The Louisville Marriott Downtown has been designated as the headquarters hotel for the conference.

Louisville Marriott Downtown

280 West Jefferson Street, Louisville, KY 40202
\$205 single/double + taxes (currently 16.07%)
Check-in: 4:00 pm ~ Check-out: 11:00 am
Online reservations: ania.org/conference
Phone reservations: 1-888-236-2427
(refer to ANIA Annual Conference)

The discounted conference rate is available until April 10, 2023, or until rooms sell out. Reservations received after this date will be accepted on a space and rate available basis.

Note: Only make your hotel reservations via the ANIA reservation link or hotel phone number provided above. ANIA does not use a housing agency. No one from ANIA or the conference hotel will call or email you to make a hotel reservation; ignore any communications you may receive from outside agencies.

Hotel Parking

Onsite parking is available at a rate of \$32 + tax per night.

Airport/Transportation

The Louisville Muhammad Ali International (SDF) is approximately 8 miles from the Louisville Marriott Downtown. Plan ahead and book your taxi through zTrip (www.ztrip.com/louisville or 502-777-7777). Rideshare opportunities also are available through Uber and Lyft.

Weather

Typical temperatures in Louisville in May will get up to about 78 degrees during the day and a low of 58 degrees in the evenings. Pack a sweater, light jacket, or wear layers in the session rooms. We also suggest that you bring comfortable walking shoes for your conference activities.

Media Release

ANIA occasionally uses photographs/video of conference participants in promotional materials. By virtue of your attendance, you agree to usage of your image in such media. In addition, any photos made public and shared through the official ANIA Conference Event Page are the property of ANIA and may be used in promotional materials.

Payment Policy, Fees, and Confirmation Notice

All fees are in U.S. dollars. Registrations will be processed only when accompanied with full payment. If a check is returned by the bank for insufficient funds, full payment must include an additional \$30 for bank processing charges and must be paid with a cashier's check, money order, or credit card. If payment is not received by ANIA prior to the meeting, you must pay the full amount onsite. If you do not receive registration confirmation one week prior to the meeting, contact ANIA at aniareg@ajj.com. Purchase orders are not accepted as payment.

Cancellations and Substitutions

Cancellations and substitutions must be requested in writing. We will be happy to refund your registration fee less a \$75 administration fee, if received prior to **April 20, 2023**. No refunds will be made thereafter. Membership dues are non-refundable. All other monies will be returned to the party who originally issued payment. If you are unable to attend, a substitution may be made. If the substitute is not an ANIA member, additional fees may apply.

In the event ANIA should find it necessary to cancel or postpone this conference for any reason including, but not limited to, registration responses, strikes, pandemics, or acts of God, ANIA will not be liable for registrants' expenses. In whatever manner the cancellation/postponement is ultimately resolved, ANIA will act responsibly to protect members' and registrants' investment in the conference and association.

Guest Registration

Guest registration includes admittance to the Kentucky Derby Experience on Thursday, May 11, and the ANIA Conference Exhibit Hall on Thursday (May 11) and Friday (May 12).

Deals and Discounts

Early Bird Registration Discount

Register by April 6, 2023, and save \$100 on the regular conference registration fee. Mailed forms must be postmarked by April 6, 2023.

ANIA Member Discount

ANIA members save \$100 on conference registration fees. To be eligible for this rate, you must be an ANIA member through May 31, 2023. If your membership expires prior to May 31, 2023, you may renew your ANIA membership to qualify for the member rate and then register for the conference.

Not an ANIA Member? Join Now to Receive the Reduced Rate!

Join ANIA and get the discounted conference registration rate, *plus* gain all the benefits of ANIA membership! Join our welcoming community to:

- ◆ Earn free contact hours for articles in the *Journal of Informatics Nursing*
- ◆ Purchase ANIA educational resources at discounted rates
- ◆ Access free webinars and online educational activities offering contact hours
- ◆ Access the ANIA Career Center (full services for job seekers and employers)
- ◆ Network with colleagues at national, regional, and local ANIA meetings
- ◆ Participate in the *ANIA Connect* community
- ◆ Enhance your leadership skills through volunteer opportunities

Visit ania.org/membership to join ANIA or renew your membership. Or use the registration form in this brochure to renew your membership and submit your conference registration payment at the same time.

ANIA 2023 Annual Conference | Registration Form

Louisville Marriott Downtown, Louisville, KY | May 10-12, 2023

Please clearly print your name as you would like it to appear on your badge.

Name _____ Credentials _____

Employer _____ Job Title _____

Mailing Address ☐ Home ☐ Work _____

City/State/Zip _____

E-mail: _____ ☐ Business ☐ Personal

(Needed to receive your receipt/confirmation, conference information; and to be used to log in for contact hours)

I do not wish to have my ☐ email ☐ mailing address shared with ANIA exhibit or networking vendors.

Daytime Phone: ☐ Business ☐ Personal Phone: _____

Disability or dietary need? Please state: _____

☐ Yes, I am a first-time attendee.

Membership must be valid through **May 31, 2023**, to qualify for member rates. Current members may renew their ANIA membership with their conference registration. Membership will commence upon current expiration.

Registration Fees (Full payment must accompany registration.)			
Pre-Conference Workshops (additional fee; no live stream option)	Member	Nonmember	Amt Enclosed
010 Certification Review Course (5/10)	\$350	\$409	\$
020 Process Behavior Charts (5/10)	\$195	\$220	\$
030 Data Visualization (5/10)	\$195	\$220	\$
040 Improve the Stakes on Your Writing (5/10)	\$195	\$220	\$
050 SQL for Absolute Beginner (5/10)	\$195	\$220	\$
Full Main Conference - (5:30pm on 5/10 thru 5:30 pm on 5/12)	Member	Nonmember	Amt Enclosed
Early (postmarked on or before 4/6)	\$615	\$715	\$
Regular (postmarked after 4/6)	\$715	\$815	\$

Cancellations and Substitutions must be received in writing. For cancellations received by April 20, 2023, a \$75 administrative fee will be assessed, and the balance will be remitted to the original form of payment. No refunds will be made thereafter. Membership fee is nonrefundable/non-transferable. If substitute is not an ANIA member, additional fees may apply. ANIA reserves the right to cancel programs because of emergencies, labor strikes, pandemics acts of God, and insufficient registration or sponsorship.
